MY LITTLE LAD
AND I.

I take a little hand in mine,
And walk the village street,
With chirp and chatter as we go,
In mingled converse sweet,
And pleasant salutations
From every one we meet.
Dear little lad and I.

I take the little hand in mine,
To climb a neighboring hill,
To pluck wild flowers, or to trace
A laughing, mountain rill,
By which, when weary or athirst,
We pause to drink our fill.
Dear little lad and I.

CONDITION POWDERS,
FOR HORSES & CATTLE.

THESE Powders are strongly recommended for producing a fine smooth skin, and for bringing Horses into general good condition. They give tone to the stomach, increase the appetite, and free the blood from all gross humors. They will be found of essential service for grease, swelled legs, coughs, and influenza. A tablespoonful may be given every other night, in mash, or feed of corn. The horse may work as usual, being in fact more fit.

MAGNESIA,
— OR —
Purgative Mineral Water.

This Refrigerant and laxative Preparation is well known as an agreeable substitute for Epsom Salts, Seidlitz Powders, and the Saline Cathartics generally.

The contents of this bottle is a full purgative dose. To children from a tablespoonful to a wineglassful may be given and repeated if required. The bottle should be kept corked in the intervals of taking.
