

PARENTS, FARMERS, MECHANICS, EVERYBODY!
 Save half your expense for Boots and Shoes, by wearing only those having the sole attached with THE STANDARD SCREW. They cannot Rip. They are perfectly comfortable. They outwear all others. They have no points or roughness to hurt the feet or destroy the Stockings.
 Only fastening ever used for positively screwing on the Soles of Boots and Shoes.
 Do not buy Shoes stamped "Standard Fastened," or "Screw Fastened," or "Clicking Screws," or "Gimms Screw Rivet." THEY WILL ALL DISAPPOINT YOU.
